

University of Science and Technology Houari Boumediene
Vice-rectorate in charge of the higher education of graduation, the continuing education et degrees

Schedules of : 2nd year Master Materials Process Engineering

College year: 2026/2027

Semester: 1

Date: 20/09/2026

	8h - 9h30	9h40 - 11h10	11h20 - 12h50	13h - 14h30	14h40 - 16h10	16h20 - 17h50
Saturday				Literature Review and Thesis Design BENOBEIDELLAH (Online Course)	Chemical reverse Engineering (Online Course) KHELOUI	
Sunday	Glass Technologies (Course) KERRAI salle PG	Application of Catalytic Materials to Chemical Reaction (Course) AMOKRANE Salle PG	Polymeric and Composite Materials (Course) HASSAINI Salle PG	Polymeric and Composite Materials (Course) HASSAINI Salle PG	Life Cycle Analysis of Materials and Economic Assesment (Course) ABDI Salle PG	
Monday	Technologie of Ceramics and Binders (Course) BOUKEMOUCHE Salle PG	Technologie of Ceramics and Binders Ps BOUKEMOUCHE Salle PG		Polymeric and Composite Materials PS HASSAINI Salle PG		
Tuesday	Modeling and Optimization of Processes (Course) HIRECHE Salle PG	Porous and Dispersed Media (Course) CHEMINI Salle PG	Porous and Dispersed Media PS CHEMINI Salle PG	Glass Technologies PS LARACHI Salle PG		
Wednesday			TP Application of Materials in Pollution Control TOUITI	TP Modeling and Optimization of Processes MADANI		
Thursday
